

Welcome to the Pasadena Yacht & Country Club community!

Pasadena Yacht & Country Club is a privately owned and operated club located within the gates of our community. The club is independent from the community. Club membership is required to use any club amenity. Nonmember residents are welcome as guests of other members but may not use any club facility independently.

There is a significant waitlist for all PYCC club membership categories. However, first-time property buyers within the gates currently are allowed to skip the wait list. New residents have exactly 30 days from closing date to join club immediately skipping wait list. There is a premium payment required for this immediate membership.

After 30 days, new residents are placed on the general membership waitlist. The wait list is currently more than 2 years and there is no guarantee of eventual membership for those on wait list. There is also no guarantee that this offering will continue in the future.

This greeting shall serve as notice of this one-time opportunity.

Please contact the PYCC membership office for full details.

Welcome and best wishes,

*Pasadena Yacht & Country Club*
