

March 16, 2020

Dear PYCC Members,

We want to keep you up to date as the situation around us evolves. We remain very committed to the health and safety of all our staff, members, and guests.

We did send a notice Sunday, March 15, 2020 to all Members. The situation evolves frequently and thus we are implementing the additional measures as extra precaution:

1. Every other barstool has been blocked at both Hagen grill and Bayside bar. These stools have life preservers on them. Please do not sit in those chairs or move chairs around.
2. Table density has been decreased throughout club. Please do not add chairs to tables or move tables.
3. Strongly consider using Palmer deck or pool area. The weather is fantastic and open-air environments are certainly preferred in these times.
4. We will be limiting patron numbers at all food service areas.
5. We are expanding our ToGo and delivery food options. Please call concierge (727-381-7922).
 - a. ToGo food available:
 - i. Tuesday – Saturday: 11am – 8pm
 - ii. Sunday: 11am – 6pm
 - b. Delivery within the gates available generally same hours dependent on staffing.
 - c. Menu will be available by Tuesday afternoon on our website Pyccgolf.com
 - d. Please use our delivery and ToGo option in effort to support our employees.
6. We are assigning one golfer per cart going forward. Each cart will be thoroughly cleaned prior to each use.

7. NO CREDIT CARDS OR CASH ALLOWED until further notice.
8. Golf check in shall be at cart staging. Only come in pro shop if necessary and limit time in there. No “social visits” to pro shop.
9. All guest charges will be placed on member account.
10. Golf staff is wiping flagsticks multiple times daily.
11. The gym will stay open at this time. Cleaning staff are doing a deep clean of entire gym daily and continuous cleaning throughout the day. Please be smart: maintain personal space in the gym and clean all areas with provided disinfectant wipes. We will limit the number of patrons using gym to 6 at a time. If there are 6 people in gym, please wait or reschedule.
12. Fitness classes will remain outdoors.
13. At this time, we are keeping limited dining options available. Menus may be limited based on staffing and availability. We will communicate if it becomes necessary to close any or all of these facilities.
14. All community meetings, events, and gatherings at club are cancelled until further notice. This would include the upcoming Commodore Ball and Cruising Fleet Third Friday this week.

As a reminder, I would like to reemphasize some points for you to keep yourself and your family healthy:

- Please WASH YOUR HANDS. This should be done frequently and aggressively. It is absolutely the single most important thing you can do to keep yourself and your family safe. Use plenty of soap and rub your hands for at least 20 seconds.
- Do not touch others. Minimize touching anything in public places.
- Please stay home if you are feeling ill in any way. Also, stay home if you have recently travelled to any areas that are designated high risk.
- Please allow people “personal space” and stay a comfortable distance from others. The CDC has recommended 6 feet between people. Please adhere to this guideline.
- People in high risk situations due to age, immune suppression, or comorbid conditions should be staying home and isolated.

Our ability to stay open is dependent on membership adhering to these rules. They are for your safety as well as the safety of the staff and community.

I would also like to assure you that the club is also very committed to both the safety and financial stability of our staff. They work very hard for us to assure a fantastic club and we plan to keep our team intact and together. We have assured the staff that they will continue their employment through this event. If we do need to curtail services, then we plan to repurpose staff to keep them employed similar to what we did during the 2017 summer golf course renovation. If there is a quarantine or some other inability for them to work, we will assist appropriately. We are absolutely assuring our employees that we will keep them financially stable.

We will continue to update membership as this situation evolves.

All the best to you and your family.

Sincerely,

Jeffrey Paonessa MD
